

# Don't Know What I'm Feeling

(Marzia Gaggioli)

I don't know what to say  
When I see you on your knees  
Begging me to be  
Forever yours until you live  
Maybe I should say "yes"  
Because you make me feel so good  
But there's something that  
That make me feel uncomfortable

I know you love me  
But I don't know what I'm feeling  
Please don't be in hurry  
Take it easy baby, take it easy...

You boy go too fast  
I think that you should relax  
Life can be a dream  
Why you change it in a hell  
There's no a war to win  
Only you and me tonight  
What will be will be  
I am gonna take my time

I know you love me  
But I don't know what I'm feeling  
Please don't be in hurry  
Take it easy baby take it easy...

What what what what what I'm feeling  
What what what what what I feel...
